**Chemistry (with labs)**  
1 Year

*Chemistry requires placement exam:* [https://chemistry.gsu.edu/Chem1211_Regtest.php](https://chemistry.gsu.edu/Chem1211_Regtest.php)

Math 1113 (Pre-Calculus) as a prerequisite or co-requisite is highly recommended.

- Chemistry 1211K  
  (Principles of Chemistry I)  
  4 Hours

- Chemistry 1212K  
  (Principles of Chemistry II)  
  4 Hours

**Biology (with labs)**  
1 Year

Chemistry 1211K is a prerequisite for Principles of Biology I with C or better

- Biology 2107K  
  (Principles of Biology I)  
  4 Hours

- Biology 2108K  
  (Principles of Biology II)  
  4 Hours

**Organic Chemistry (with labs)**  
1 Year

Chemistry 1212K is a prerequisite for Organic Chemistry

- Chemistry 2400  
  (Organic Chemistry I)  
  4 Hours

- Chemistry 3410  
  (Organic Chemistry II)  
  4 Hours

- Chemistry 3100  
  (Organic I Lab)  
  2 Hours

- Chemistry 3110  
  (Organic II Lab)  
  2 Hours

**Biochemistry**  
1 Semester

Chemistry 3410 is a prerequisite for Biochemistry.

Biochemistry is **HIGHLY recommended** by medical schools

- Chemistry 4600  
  (Biochemistry I)  
  5 Hours

**Physics (with labs)**  
1 Year

Math 1113 (Pre-Calculus) as a prerequisite for Physics 1111K

- Physics 1111K  
  (Introductory Physics I-General)  
  4 Hours

- Physics 1112K  
  (Introductory Physics II-General)  
  4 Hours

**OR**

Math 2211 (Calculus II) is a prerequisite for Physics 2211K.

- Physics 2211K  
  (Principles of Physics I-Calculus Based)  
  4 Hours

- Physics 2212K  
  (Principles of Physics II-Calculus Based)  
  4 Hours

**Required Courses for 2015 MCAT & Beyond:** SOCI 1101 (Intro to Sociology) and PSYC 1101 (Intro to Psychology)

**Highly Suggested for 2015 MCAT & Beyond:** ANTH 1102 (Introduction to Anthropology)

Pharmacy Students, in addition to the list stated above, are required to take:

- Economics  
  (ECON 2105 or ECON 2106)  
  Human Anatomy & Physiology I (BIOL 1110K)

- Speech  
  (SPCH 1500)  
  Human Anatomy & Physiology II (BIOL 1120K)

- Calculus  
  (MATH 2211 or MATH 2201)  
  Statistics (MATH 1070)

**Please contact your prospective schools for a full list of required courses.** These are the most common requirements, but some schools might have additional requirements. Please meet with a Pre-Med advisor if you have any additional questions.
