

Transfer Course Review Form

University Advisement Center- return to UACATLPetitions@gsu.edu

NAME _____ PANTHER ID # _____

MAJOR _____ DAYTIME PHONE _____ EMAIL _____@student.gsu.edu

I propose that the following course(s) to be equivalent to Georgia State University course(s) in the current catalog. **At a minimum, a course syllabi from the course must be attached to this document.**

Grades below a “C” earned in a course may also determine whether a course can count towards graduation requirements. There are some departments such as **College of the Arts, Biology, Business, Education, English and Psychology** require a **separate** transfer review form from their department, which is a separate from this process. All AYPS courses are done online <https://aysps.wufoo.com/forms/undergraduate-petition/> Courses also can be not equated to a CTW course. http://www.ctwdb.gsu.edu/ctw/course_menu.php

Course equivalencies can be viewed through our transfer equivalency page to see if your course has already been reviewed. <http://advisement.gsu.edu/transfer-students/equivalency-charts/>

Please submit separate forms if you:

- Have courses from more than one school to be reviewed
- Have courses that fall into more than one college (Arts & Science, Education, etc...)

Please review the course(s) listed below from: _____ <i>College/University</i>
Year attended: _____

Course Prefix and # <i>(COMM 1101)</i>	Course Title	Credit Hours	Which course do you believe is the GSU Equivalent or which area should it apply?	Department Use Only

I have read all the above information, and I certify that the information provided in this request is true and accurate to the best of my knowledge. The process can take up to 4 weeks or more for departments to review credit. You will be notified via your official Georgia State University e-mail address. ***This form will not be processed without attached content to review.***
